Schedule #1—General InformationCounty-district number or vendor ID: **153-907**

Amendment # (for amendments only):

Part 3: Schedules Required for New or Amended Applications

An X in the "New" column indicates a required schedule that must be submitted as part of any new application. The applicant must mark the "New" checkbox for each additional schedule submitted to complete the application.

For amended applications, the applicant must mark the "Amended" checkbox for each schedule being submitted as part of the amendment.

Schedule #	Schedule Name	Application Type	
		New	Amended
1	General Information	X	<input checked="" type="checkbox"/>
2	Required Attachments and Provisions and Assurances	X	N/A
4	Request for Amendment	N/A	<input checked="" type="checkbox"/>
5	Program Executive Summary	X	<input type="checkbox"/>
6	Program Budget SummaryX	X	<input type="checkbox"/>
7	Payroll Costs (6100)	X	<input type="checkbox"/>
8	Professional and Contracted Services (6200)	X	<input type="checkbox"/>
9	Supplies and Materials (6300)	X	<input type="checkbox"/>
10	Other Operating Costs (6400)	X	<input type="checkbox"/>
11	Capital Outlay (6600)	X	<input type="checkbox"/>
12	Demographics and Participants to Be Served with Grant Funds	X	<input type="checkbox"/>
13	Needs Assessment	X	<input type="checkbox"/>
14	Management Plan	X	<input type="checkbox"/>
15	Project Evaluation	X	<input type="checkbox"/>
16	Responses to Statutory Requirements	X	<input type="checkbox"/>
17	Responses to TEA Requirements	X	<input type="checkbox"/>
18	Equitable Access and Participation	X	<input type="checkbox"/>

***IMPORTANT NOTE FOR COMPETITIVE GRANTS:** Schedules #7, #8, #9, #10 and #11 are required schedules if any dollar amount is entered for the corresponding class/object code on Schedule #6—Program Budget Summary. For example, if any dollar amount is budgeted for class/object code 6100 on Schedule #6—Program Budget Summary, then Schedule #7—Payroll Costs (6100) is required. If it is either blank or missing from the application, **the application will be disqualified.**

Schedule #2—Required Attachments and Provisions and Assurances

County-district number or vendor ID: 153-907

Amendment # (for amendments only):

Part 1: Required Attachments

The following table lists the fiscal-related and program-related documents that are required to be submitted with the application (attached to the back of each copy, as an appendix).

#	Applicant Type	Name of Required Fiscal-Related Attachment
No fiscal-related attachments are required for this grant.		
#	Name of Required Program-Related Attachment	Description of Required Program-Related Attachment
No program-related attachments are required for this grant		

Part 2: Acceptance and Compliance

By marking an X in each of the boxes below, the authorized official who signs Schedule #1—General Information certifies his or her acceptance of and compliance with all of the following guidelines, provisions, and assurances.

Note that provisions and assurances specific to this program are listed separately, in Part 3 of this schedule, and require a separate certification.

X	Acceptance and Compliance
X	I certify my acceptance of and compliance with the <u>General and Fiscal Guidelines</u> .
X	I certify my acceptance of and compliance with the <u>program guidelines</u> for this grant.
X	I certify my acceptance of and compliance with all <u>General Provisions and Assurances</u> requirements.
X	I certify that I am not debarred or suspended. I also certify my acceptance of and compliance with all <u>Debarment and Suspension Certification</u> requirements.
X	I certify that this organization does not spend federal appropriated funds for lobbying activities and certify my acceptance of and compliance with all <u>Lobbying Certification</u> requirements.
X	I certify my acceptance of and compliance with <u>No Child Left Behind Act of 2001 Provisions and Assurances</u> requirements.

Schedule #2—Required Attachments and Provisions and AssurancesCounty-district number or vendor ID: **153-907**

Amendment # (for amendments only):

Part 3: Program-Specific Provisions and Assurances**X** I certify my acceptance of and compliance with all program-specific provisions and assurances listed below.

#	Provision/Assurance
1.	The applicant provides assurance that program funds will supplement (increase the level of service), and not supplant (replace) state mandates, State Board of Education rules, and activities previously conducted with state or local funds. The applicant provides assurance that state or local funds may not be decreased or diverted for other purposes merely because of the availability of these funds. The applicant provides assurance that program services and activities to be funded from this grant will be supplementary to existing services and activities and will not be used for any services or activities required by state law, State Board of Education rules, or local policy.
2.	The applicant provides assurance that the application does not contain any information that would be protected by the Family Educational Rights and Privacy Act (FERPA) from general release to the public.
3.	The applicant provides assurance that, if it receives these program funds to serve one or more campuses, it will ensure each campus receives all of the state and local funds it would have received in the absence of these program funds. As a result, an LEA must provide the TTIPS grantee campus all of the non-Federal funds the campus would have received were it not a TTIPS grantee campus, and these program funds must supplement the <i>amount</i> of those non-Federal funds. Note, however, that the campus does not need to demonstrate that these program funds are used only for activities that supplement those activities the campus would otherwise provide with non-Federal funds.
4.	The applicant provides assurance that the education program described below is unique to the applicant LEA and the eligible campus for which the application is being submitted. An applicant that plagiarizes or copies any other application does not meet this standard and will be disqualified.
5.	<p>The LEA provides assurance that it will meet the following federal requirements:</p> <ol style="list-style-type: none"> 1. Establish annual goals for student achievement on the State's assessments in both reading/language arts and mathematics, measure progress on the leading indicators in section III of the final requirements and establish goals to hold schools receiving school improvement funds accountable. 2. If it implements a restart model in a school, hold the charter operator, charter management organization, or education management organization accountable for complying with the final requirements, and it includes these terms in its contract or provisions. 3. Monitor and evaluate the actions a school has taken, as outlined in the approved TTIPS application, to recruit, select and provide oversight to external providers to ensure their quality. 4. Monitor and evaluate the actions schools have taken, as outlined in the approved TTIPS application, to sustain the reforms after the funding period ends and that it will provide technical assistance to schools to sustain progress in the absence of TTIPS funding. 5. Report school-level data to the SEA required under section III of the final requirements, and included in the Program Guidelines of this RFA.
6.	The LEA provides assurance that it will participate in any evaluation of the grant conducted by the U.S. Department of Education, including its contractors, or the Texas Education Agency, including its contractors.
7.	<p>The LEA/campus provides assurance that if it selects to implement the Transformation Model, the campus will meet all of the following federal requirements:</p> <ol style="list-style-type: none"> 1. Develop and increase teacher and school leader effectiveness. <ol style="list-style-type: none"> (A) Replace the principal who led the school prior to commencement of the transformation model; (B) Use rigorous, transparent, and equitable evaluation systems for teachers and principals that— <ol style="list-style-type: none"> i. Take into account data on student growth as a significant factor as well as other factors such as multiple observation-based assessments of performance and ongoing collections of professional practice reflective of student achievement and increased high school graduation rates; and ii. Uses the definition of student growth as: the change in achievement for an individual student between two or more points in time. For grades in which the State administers summative assessments in reading/ language arts and mathematics, student growth data must be based on a student's score on the State's assessment under section 1111(b)(3) of the ESEA. A State may also include other measures that are rigorous and comparable across classrooms.

By TEA staff person:

- the Texas Higher Education Coordinating Board's (THECB) core curriculum; or an associate's degree; or at least 60 credit hours toward a baccalaureate degree during grades 9-12.
3. Provide college credit earned through the high school years for all students at no cost; including tuition, fees and textbook costs.
 4. Develop and increase teacher and school leader effectiveness, in a manner consistent with the requirements of the federal school improvement grant Transformation model. In doing so, the LEA/campus must use rigorous, transparent and equitable evaluation systems for teachers and principals that take into account data on student growth as a significant factor, as well as other factors such as multiple observation-based assessments of performance and ongoing collections of professional practice reflective of student achievement.
 5. While implementing for all students, the program specifically identifies students for more intensive supports. These students include those at-risk for dropping out of school, as defined in Texas state-defined criteria in TEC §29.081, and students historically underrepresented in college courses. In developing and providing the more intensive supports, the LEA/campus will have:
 - (A) Data to identify the population at risk of dropping out of school;
 - (B) Quantitative and qualitative data to identify students least likely to attend college/those historically underrepresented in college courses;
 - (C) Early College brochures in all languages relevant to the school community;
 - (D) Written communication plan for relevant target audiences: parents, community members, school board.

Adapted from Texas Early College High School Blueprint, Benchmark 1

6. By the start of TTIPS full-implementation (Fall 2017), the LEA/campus will have key partnerships in place that will enable success as an ECHS. Key partnerships include:
 - (A) Partnership between the school district and an institute of higher education (IHE) that:
 - i. Is marked by a signed Memoranda of Understanding with current signature each year of implementation.
 - ii. Defines the partnership between the LEA/campus and the IHE and addresses topics including, but not limited to: the ECHS location, the allocation of costs for tuition, fees, textbooks, and student transportation;
 - iii. Defines an active partnership between the school district(s) and the IHE(s), which shall include joint decision-making procedures that allow for the planning and implementation of a coherent program across institutions; and
 - iv. Includes provisions and processes for collecting, sharing, and reviewing program and student data to assess the progress of the ECHS.
 - (B) Contract/partner with a Texas ECHS demonstration site or other Texas ECHS that has retained designation for at least the last four consecutive years and assessed as exemplary using the Texas ECHS Blueprint, or other ECHS selected as a match partner site by the TEA.

Adapted from Texas Early College High School Blueprint, Benchmark 2.

7. By the start of TTIPS planning/pre-implementation year (February 1, 2017), the LEA and key partners must have developed and be maintaining a leadership team focused on P-16 Leadership Initiatives that meets regularly to address issues of the ECHS design and sustainability. At minimum, the membership shall include the campus principal and individuals with decision-making authority from both the LEA and IHE.

Adapted from Texas Early College High School Blueprint, Benchmark 3.

8. Once designated, the LEA/campus will work with a TEA approved Texas ECHS technical assistance provider, and fulfill any conditions required to maintain TEA designation status.
9. Provide a curriculum that offers a rigorous and accelerated course of study, in both college-credit bearing courses and preparatory/college readiness courses. Additionally, the program must provide students with the academic, emotional and social supports necessary to be successful in the rigorous course of study. The curriculum and supports must meet the following:
 - (A) Beginning in TTIPS first year of full-implementation (Fall 2017), have curriculum in place that allows all students to graduate high school with at least six semester credit hours toward a baccalaureate degree.
 - (B) By TTIPS second year of full-implementation (Fall 2018), have curriculum in place that enables

students to receive a high school diploma and complete the Texas Higher Education Coordinating Board's (THECB) core curriculum (as defined by TAC §4.28); or an associate's degree; or at least 60 credit hours toward a baccalaureate degree during grades 9-12.

- (C) Possess a written course of study plan showing how students will progress as an ECHS graduate. The plan must provide pathways to a baccalaureate degree and follow the courses and fields of study listed in the THECB Lower Division Academic Course Guide Manual.
- (D) Beginning in the TTIPS first year of full-implementation, the campus will provide academic supports to the students in the form of: extended learning time sessions for tutoring, advisory and/or college readiness support time built into the program of study, and a college-readiness mentorship program.
- (E) Beginning in the TTIPS planning/pre-implementation year, the campus will provide social and emotional supports to the students, including: connections to social services, parent outreach and involvement opportunities.
- (F) Beginning in the TTIPS first year of full-implementation, the campus will provide college awareness and access services to students and families, including: college application assistance, financial aid counseling, college and career counseling.

Adapted from Texas Early College High School Blueprint, Benchmark 4.

10. By the TTIPS first year of full-implementation, the campus shall provide for the administration of the Texas Success Initiative (TSI) college placement exam to students in order to assess college readiness, design individual instruction plans, and enable students to begin college courses based on their performance. Fees associated with assessment administrations must be waived/covered for all students.

Adapted from Texas Early College High School Blueprint, Benchmark 5.

11. By the start of the TTIPS second year of full-implementation (Fall 2017), the campus will provide a full-day program that operates with:
- (A) An IHE liaison with decision-making authority who interacts directly and frequently with the campus staff and administrators;
- (B) A highly qualified teaching staff possessing appropriate level of certification, training and ongoing supports to teach college-bearing courses to high school students.
- (C) Clear opportunities for students to have regular use (at least six times per school year) of college academic facilities, regardless of early college school site.
- (D) Opportunities for high school faculty and staff to receive regular training and support; in collaboration with the IHE faculty and staff.

Adapted from Texas Early College High School Blueprint, Benchmark 6.

The Texas concept for an Early College High School is fully described in the following resources:

- [Texas Education Agency, Early College High School program](#)
- Texas Education Code §29.908
- Texas Administrative Code §4.161
- 19 Texas Administrative Code Chapter 102 Educational Programs Subchapter GG: [Commissioner's Rules Concerning Early College Education Program](#)

The applicant provides assurances that the LEA/campus administering the state-design model will apply for Texas ECHS designation, no later than applications are available for schools that wish to be designated for the 2018-2019 school year.

9. The LEA/campus provides assurance that if it selects to implement the **Early Learning Intervention Model**, the campus will implement in an elementary school and in accordance with the following federal and state requirements:
1. Implement in an elementary school that is eligible under this grant program; further assuring that any student receiving services funded through the grant program is enrolled in the grantee school.
 2. Offer full-day kindergarten.
 3. Establish or expand a high-quality preschool program. A high-quality program includes structural elements that are evidence-based and nationally recognized as important for ensuring quality. Implementation under this grant program must meet the requirements of a high-quality preschool program, as defined in the U.S. Department of Education's Preschool Development Grants program. Under this definition, program must have:
 - (A) High staff qualifications, including a teacher with a bachelor's degree in early childhood education or a bachelor's degree in any field with a state-approved alternative pathway;

12.	<p>The LEA/campus provides assurance that if it selects to implement the Restart Model, the campus will meet all of the following federal requirements:</p> <ol style="list-style-type: none"> 1. Convert or close and reopen the school under a charter school operator, a charter management organization (CMO), or an education management organization (EMO) A CMO is a non-profit organization that operates or manages charter schools by centralizing or sharing certain functions and resources among schools. An EMO is a for-profit or non-profit organization that provides "whole-school operation" services to an LEA. 2. Select a CMO or EMO using a rigorous review process. This rigorous review process is a determination by the LEA that the CMO is likely to produce strong results for the school as shown through an assessment of schools, currently operated by the CMO or EMO, that have produced strong results over the last three years. This is indicated by: <ol style="list-style-type: none"> (A) significant improvement in academic achievement (B) success in closing achievement gaps either within a school or relative to other public schools (C) High school graduation rates (D) No significant compliance issues in the areas of civil rights, financial management and student safety. 3. Enroll, within the grades it serves, any former student who wishes to attend the school. <p>If selecting the Restart Model, the applicant will contract only with CMO or EMO providers on the State's approved list of CMO and EMO providers.</p>
13.	<p>The LEA/campus provides assurance that if it selects to implement the Closure Model, the campus will meet all of the following federal requirements:</p> <ol style="list-style-type: none"> 1. Enroll the students who attended that school in other schools in the LEA that are higher achieving within reasonable proximity to the closed school and may include, but are not limited to, charter schools or new schools for which achievement data are not yet available. <p>A grant for school closure is a one-year grant without the possibility of continued funding.</p>
14.	<p>The LEA/campus provides assurance that is aware that rural LEAs are eligible to propose a modification to an element of the Transformation or Turnaround model. The LEA/campus has examined their eligibility to propose a modification, and assessed best-fit and benefits to proposing a modification.</p> <p>Under federal regulations for this program, a rural LEA applicant may propose to modify one element of the Transformation or Turnaround model, but only in a manner that the modification meets the original intent and purpose of the element and does not eliminate the element from the resulting implementation plan.</p> <p>Applicants eligible to propose a modification are only those identified as eligible for the U.S Department of Education Rural and Low Income program. Eligibility lists are available here: http://www2.ed.gov/programs/reaprlisp/eligible14/index.html</p>
15.	<p>The applicant provides assurance that student families and the campus community were engaged in planning for the grant application, and the campus/district took action to solicit input from these stakeholders. This input was taken into consideration when selecting the model to implement. If awarded, the applicant commits to meaningfully engage families and the community in the implementation of the selected model on an ongoing basis.</p>
16.	<p>The applicant provides assurance that if selected for award, the applicant will fully engage in grant negotiations managed by TEA. If it is determined by TEA that federal requirements will not be met through the proposed program, these negotiations may include additional clarifications and modifications to activities, budget, and performance targets proposed.</p>
17.	<p>The applicant provides assurance that the LEA will designate an individual or office with primary responsibilities for supporting the LEA/campus' school improvement efforts. This individual/office will have primary responsibility and authority for ensuring the effective implementation of the grant option approved by TEA; serve as the district liaison to TEA and those providing technical assistance and/or contracted service to the LEA/campus as part of the approved grant. The applicant also provides assurance that TEA will be notified immediately of any changes to this contact.</p>
18.	<p>The applicant provides assurance that a team from the grantee LEA/campus will attend and participate in grant orientation meetings, technical assistance meetings, and other periodic meetings of grantees, the Advancing Improvements in Education Conference, and sharing of best practices.</p>

19.	The applicant provides assurance that it will continue to fully engage in all required elements of Texas Accountability Interventions System (TAIS) framework; regardless of model selected for implementation. All TTIPS grant awarded schools are required to submit an annual improvement plan and quarterly progress reports documenting school's continuous processes around data analysis, needs assessment, planning, implementation and monitoring; as delineated in the TAIS framework. If awarded under this grant opportunity, the applicant also provides assurance that it will engage in necessary effort to align and complement existing school improvement strategies, goals and interventions in their final approved TTIPS grant, in order to effectively deliver a single and comprehensive school improvement plan.
20.	The applicant provides assurance that at the close of the pre-implementation period, it will prepare and submit an Implementation Readiness Portfolio to the TEA TTIPS program office. Specific requirements for the portfolio are included in the Program Guidelines for this RFA. The applicant understands that support specialists in the TEA TTIPS program office will conduct a comprehensive review and assessment of the Implementation Readiness Portfolio and qualitative data obtained through onsite observations and staff interviews. The applicant assures it will engage with the TEA program office to provide clarifications and adjustments to the portfolio, based on the review and assessment recommendations.
21.	The applicant provides assurances that it will participate in and make use of technical assistance and coaching support provided by TEA and/or its subcontractors.
22.	The applicant will participate in formative assessments of the LEA's capacity and commitment to carry out the grant intervention models.
23.	The applicant will provide access for onsite visits to the LEA and campus by TEA and its contractors.
24.	The LEA/campus assures TEA that data to meet federal requirements will be available and reported as requested. A list of required data elements is included in the Program Guidelines for this RFA.

Schedule #4—Request for AmendmentCounty-district number or vendor ID: **153-907**

Amendment # (for amendments only):

Part 1: Submitting an Amendment

This schedule is used to amend a grant application that has been approved by TEA and issued a Notice of Grant Award (NOGA). **Do not submit this schedule with the original grant application.** Refer to the instructions to this schedule for information on what schedules must be submitted with an amendment.

An amendment may be submitted by mail **or** by fax. Do not submit the same amendment by both methods. Amendments submitted via email will not be accepted.

If the amendment is mailed, submit three copies of each schedule pertinent to the amendment to the following address: Document Control Center, Division of Grants Administration, Texas Education Agency, 1701 N. Congress Ave., Austin, TX 78701-1494.

If the amendment is faxed, submit one copy of each schedule pertinent to the amendment to either of the following fax numbers: (512) 463-9811 or (512) 463-7915.

The last day to submit an amendment to TEA is listed on the [TEA Grant Opportunities](#) page. An amendment is effective on the day TEA receives it in substantially approvable form. All amendments are subject to review and approval by TEA.

Part 2: When an Amendment Is Required

For all grants, regardless of dollar amount, prior written approval is required to make certain changes to the application. Refer to the "When to Amend the Application" guidance posted in the Amendment Submission Guidance section of the Division of Grants Administration [Administering a Grant](#) page to determine when an amendment is required for this grant. Use that guidance to complete Part 3 and Part 4 of this schedule.

Part 3: Revised Budget

Schedule #5—Program Executive SummaryCounty-district number or vendor ID: **153-907**

Amendment # (for amendments only):

Provide a brief overview of the program you plan to deliver.

Please focus the response on the qualities that enable this specific campus and district team to achieve foundational pursuits of a school improvement undertaking: **accelerated achievement, system transformation, and sustained reform.**

Summarize the district commitments to achieve foundational elements through the district's:

- **Vision and focus for school reform**
- **Sense of urgent need for change**
- **High expectations for results**
- **Operational flexibilities that will be afforded the campus in a reform effort**

Summarize the district and campus capacity and ability to benefit from this grant in terms of:

- **Organizational structures**
- **Existing capacity and resources**
- **Communication structures**

Response is limited to space provided, front side only, font size no smaller than 10 point Arial.

Vision and focus for school reformWilson Independent School District (WISD) is applying for the *Texas Title I Priority Schools (TTIPS, Cycle 5)* grant on behalf of our school, **Wilson School**. The district will implement the **Texas State-Design Model** for this school improvement grant which is consistent with the Texas concept for developing an **Early College High School (ECHS)**.The district's vision and focus for our reform model will be to: 1) substantially improve student achievement on our targeted campus; (2) implement a comprehensive school transformation program that is based on reliable research and effective practices (3) include an emphasis on parental and community involvement and 4) focus on the foundation curricula, aligned with the TEKS. ***(The proposed program is appropriate to and will successfully address the needs of the target population or other identified needs. (8 points)*****Sense of urgent need for change**

The elementary campus was selected by TEA because it is identified as a "Priority" campus as well as a **Persistently Low Achieving (PLA)** campus. Wilson School has been identified as one of the State's struggling campuses **demonstrating a strong academic need**. Thus, the district plans to fully implement the ECHS Model in order to raise substantially the achievement of our students and enable the campus to make Adequate Yearly Progress (AYP) and exit improvement status. Our Accountability Rating for 2016 was **Met Standard** but we did not meet the index target for Index 1 Student Achievement (target score is 60) the campus reported a score of 58. The campus has also had a high teacher turnover during the past several years. 41.2% of our teaching staff are beginning teachers and 31% are teachers with only 1-5 years experience, that a total of 72.2% of our teachers have 1-5 years experience or less. ***(As the result of a robust assessment effort, specific needs have been identified and strategies to address those needs have been described. (10 points)***

High expectations for results

The TTIPS, Cycle 5 grant provides an opportunity to re-invigorate the school, faculty, students, and community utilizing the Transformation Model with a campus leadership change, comprehensive curriculum reform in all aspects of teaching and learning, national staff development standards for campus/individual professional development, an extended learning time, implementation of SBR best practices, and a continued infusion of technology within the teaching & learning environments to cultivate the 21st century learners. Utilizing the Bold Choices checklist, Wilson School selected the ECHS Model to provide a road map to success.

Local Program Goals and Objectives**Objective 1:** Improve student academic achievement tied to the state's content standards TEKS.**Performance measure:** Increase number of students who exceeds the state averages on the STAAR tests in all content areas in 2017-2020 by 5%.**Strategy:** Implement innovative strategies and proven methods for improving student learning. The goal of our TTIPS program is to institute practices in our school that enable ALL students to learn at the highest levels.**Objective 2:** Provide our school principal, administrators, and teachers with additional services, programs and activities supporting professional development strategies.**Performance measure:** 100% of campus staff will complete professional development activities in 2017-2020.**Schedule #5—Program Executive Summary (cont.)**County-district number or vendor ID: **153-907**

Amendment # (for amendments only):

For TEA Use Only

Changes on this page have been confirmed with:

On this date:

Via telephone/fax/email (circle as appropriate)

By TEA staff person:

Provide a brief overview of the program you plan to deliver. Refer to the instructions for a description of the requested elements of the summary. Response is limited to space provided, front side only, font size no smaller than 10 point Arial.

Strategy: Implement innovative strategies and proven methods for improving teaching. Professional development: the district knows that paying attention to learning for teachers and administrators is key to success.

Objective 3: Increase parental and community involvement on the campus through innovative strategies.

Performance measure: Parent involvement will increase by 20% in 2017-2020.

Strategy: Form student support alliances with parents and the community. Parents are a key part of students' support systems, and their involvement with their children's schooling helps children perform better in school.

Operational flexibilities that will be afforded the campus in a reform effort

WISD' administrators and campus administrators understand the need for the campus to have operational flexibility in order to implement a successful comprehensive school reform project. The district will employ a District Coordinator of School Improvement (DCSI) who will work and coordinate with the Superintendent's office and the campus principal, teacher leaders, service providers, teachers, parents, and students.

Organizational structures - In addition to district level support from our Superintendent, Business Manager and other district personnel, we will also have campus level support. The campus administration, the DCSI, the grant manager, the SIRC appointed PSP and a campus grant oversight committee will monitor the plan through the duration of the grant and will formally meet to oversee and evaluate the project. The grant manager will provide participants with multiple opportunities to interact, provide feedback, and determine if the project is being implemented in accordance with the plan. The grant oversight committee was formed through various stakeholder groups (parents, staff, local businesses) and will meet every 30 days to review progress and redirect the grant as needed.

Existing capacity and resources - As mentioned above Wilson School will have the full support of both district level and campus level personnel. The district received the TTIPS, Cycle 2 grant for our campus and we have experience in implementing and supporting a comprehensive school reform project. The activities of this initiative reflect cost-effectiveness, ensure the most effective use of public resources and avoid duplication of services. The district business office is fully integrated in the grant administration process, maintaining fiduciary and financial responsibility for all grant activities, processing and maintaining grant accounting data, requesting funds through the automated payment request systems, preparing and submitting expenditure reports in coordination with key grant personnel, and reporting accounting transactions properly. The leadership team will work closely with the business office to gather necessary fiscal information to fulfill the agreed upon grant management responsibilities. In addition, the leadership team, DCSI, and PSP will collect monitoring documents for all identified program description components required in the management plan both according to the required reports identified in the grant format and additional formative benchmarks determined and required by the leadership team; such as, specified student performance reports, walk through data, lesson plan rubrics, meeting agendas, etc.

Communication structures - As part of our school reform design the district and campus, the district will employ several external service providers: Region 17, ECHS TAP, and other vendors to be determined during our planning phase. Representatives of these service providers have collaborated with other campuses with TTIPS transformation grants and have a well-defined and integrated working relationship. The service providers have experience with federal and state grant programs. Region 17 has a long and respected work history with Wilson ISD and has assisted in several reform initiatives on other campuses. District, campus and service provider personnel will work together to provide the following:

- Direct line of communication with the Superintendent will be ongoing and regular;
- In response to campus needs, campus is provided with operational flexibility regarding budgeting, HR practices, staff development and school calendar;
- 90 day-action plans will be created and implemented according to identified CSFs;
- Campus needs reviewed regularly and reported to all stakeholders;
- Regularly scheduled meetings of the campus leadership team are held and reports submitted to the DCSI;
- All budget expenditures are logged and accounted for correctly;
- Campus principal and teacher leaders will be provided prompt assistance and support when requested;
- Teachers and staff participate in required training as determined by identified, data driven recommendations;
- The campus creates and develops a positive school climate; and
- Plans will be in place and followed regarding the fundamental purpose to have effective instruction as measured by identified indicators in the CSFs of the grant.

Schedule #6—Program Budget Summary

County-district number or vendor ID: 153-907

Amendment # (for amendments only):

Program authority: P.L. 107-110 ESEA, as amended by the NCLB Act of 2001, Section 1003(g)

Fund code: 276

Grant period: February 1, 2017, to July 31, 2020, pending future federal allocations

Budget Summary

Schedule #	Title	Class/ Object Code	Year 1 Program Cost	Year 1 Admin Cost	Year 2 Program Cost	Year 2 Admin Cost	Year 3 Program Cost	Year 3 Admin Cost	Year 4 Program Cost	Year 4 Admin Cost	Total Budgeted Cost across all Years
Schedule #7	Payroll Costs (6100)	6100	\$285,890		\$285,890		\$285,890		\$285,890		\$1,143,560
Schedule #8	Professional and Contracted Services (6200)	6200	193,500		193,500		193,500		193,500		774,000
Schedule #9	Supplies and Materials (6300)	6300	50,000		50,000		50,000		50,000		200,000
Schedule #10	Other Operating Costs (6400)	6400	7,500		7,500		7,500		7,500		30,000
Schedule #11	Capital Outlay (6600)	6600	-		-		-		-		-
Consolidate Administrative Funds <input type="checkbox"/> Yes <input type="checkbox"/> No											
Total direct costs:			\$544,390		\$544,390		\$544,390		\$544,390		\$2,177,560
Percentage% indirect costs (see note):			N/A	-	N/A	-	N/A	-	N/A	-	-
Grand total of budgeted costs (add all entries in each column):			\$544,390		\$544,390		\$544,390		\$544,390		\$2,177,560

Administrative Cost Calculation

Enter the total grant amount requested: \$2,177,560

Percentage limit on administrative costs established for the program (5%):
Multiply and round down to the nearest whole dollar. Enter the result.
This is the maximum amount allowable for administrative costs, including indirect costs: x .05

N/A

NOTE: Indirect costs are calculated and reimbursed based on actual expenditures when reported in the expenditure reporting system, regardless of the amount budgeted and approved in the grant application. If indirect costs are claimed, they are part of the total grant award amount. They are not in addition to the grant award amount.

Indirect costs are not required to be budgeted in the grant application in order to be charged to the grant. Do not submit an amendment solely for the purpose of budgeting indirect costs.

NOTE:

- No more than \$2,000,000 per year may be requested.
- Year 1 is designed to be a planning/pre-implementation period, lasting from February 1, 2017 to July 31, 2017. Costs budgeted for this period should be reasonable and necessary for the shorter time period and type of activity.
- Years 2, 3, and 4; operating in school years 2017-2018, 2018-2019, and 2019-2020, are designed to be full implementation years.

Amendment # (for amendments only):

Part 2: Student Demographics- Comments

Please use this section to add a description of any data about students that was not specifically requested, but is important to understanding the population to be served by this grant program.

Additionally, use this space to describe trends in data, related to students seen over time in areas that are important to understanding your program plan. Applicants must include supporting evidence to explain trends. For example, projected enrollment growth would need to be supported with a report of percent gains in enrollment over the past several years. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

According to the last three years of data, college is not a concept or a priority for the district students. Due to a lack parental support and limited exposure to college offerings, the Wilson students tend to go straight to workforce after high school. Our team feels that this grant would offer the next level to our students at a reasonable cost and we can facilitate all needs with-in our current school structure.

With a wind turbine field being developed in our district, our plan is to build a new state of the art facility within the next year that would enhance the ECHS format. We are currently aligned with South Plains JC for all CATE programs. The growth enrollment is expected to continue especially with the development of the wind/solar fields and new housing. The new facility will also draw new students from local overcrowded districts. Wilson witnesses an 18% growth 2015-16 year and we have seen the same increase this year in the district.

The district's college readiness indicators according to the Texas Academic Performance Report are below the state averages in all areas:

Average ACT Score All Subjects for 2014: 16.3, state average 20.6

Average ACT Score ELA: 15.6, state average 20.0

Average ACT Score Math: 17.3, state average 21.2

Average ACT Score Science: 16.3, state average 20.7

Amendment # (for amendments only):

Part 4: Staff Demographics- Comments

Please use this section to add a description of any data about campus staff that was not specifically requested, but is important to understanding the population to be served by this grant program. Additionally, use this space to describe trends in data related to campus staff seen over time in areas that are important to understanding your program plan. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

According to the data, over 41% teachers and all administration possess a master's degree. Since the district pays a stipend for masters, this is advantageous for both parties.

Wilson ISD tends to receive applications from young teachers. Most teachers tend to be good to excellent in technology and possess a well-rounded academic background. Most teachers are satisfied with the discipline in the district since the data indicates low instances of issues.

The students are bright and generally well behave which plays into the college mentality. ECHS will provide many students the opportunity to be the first generation in their families to attend and graduated from college according to the data.

All data focuses on recruiting stronger and more experienced teachers. With the onset of a new facility and industry moving into the district, Wilson ISD hope to retain families within our district boundaries.

Schedule #13—Needs Assessment

County-district number or vendor ID: 153-907

Amendment # (for amendments only):

Continuous improvement is a systematic approach in school reform, including processes for data analysis, problem identification, root cause analysis, goal setting, intervention design, implementation, monitoring, and evidenced-based progress reporting.

Part 1: Process Description. Describe the process and activities in which you engaged to conduct a data analysis and needs assessment; and select the model, goals, and interventions to be implemented under this grant. **In the description, include the team members involved in the planning process, frequency and timeline of planning meetings, and key activities/strategies used to facilitate decision making.**

Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

The district and campus administrators reviewed all related documentation in order to understand the goals and objectives of the TTIPS, Cycle 5 grant. Once the district personnel determined that the campus had a substantial need to apply for this grant, the **TTIPS Leadership team** (Superintendent, Campus Principal, Counselor, Staff, and Teachers) met to discuss the grant and its implications. The Leadership team considered current campus accountability rating and other test scores and have decided to implement the ECHS model to address these needs.

We also held several meetings with our staff, parents, students, and community stakeholders during the months since the grant was released in July 2016. This group reviewed multiple measures of data including student achievement data, prior year STAAR data, student demographic data, student attendance, student survey's parental involvement data, social services provided, and other pertinent data. The data was then reviewed by the entire school community - administrators, teachers, staff, families, and community members - in order to develop school improvement goals that are based on data and supported by all stakeholders.

The Leadership team brainstormed about the campus needs, identified activities, reviewed tracking and monitoring needs, and identified necessary teacher and administrator trainings that would be supplemental to current instruction. The team discussed activities that would be helpful and beneficial enough to make an increase in the low performing content areas to transform this low-performing campus into a higher-achieving community-based school within the proposed 5-year funding cycle.

After this brainstorming meeting was held, the team completed a **Comprehensive Needs Assessment (CNA)** tool which considered the targeted campus needs. In addition to completing the CNA form, the team discussed identification of community partners, designation of personnel to manage this project, identification of lead teachers, and the need for a more job-embedded professional development plan.

CNA Review: Checklist for CNA included: 1) Review of multiple sources of data in the planning and decision-making process; 2) Data was longitudinal as well as current; and 3) all grade levels were reviewed along with the identified low performing group. The needs for the CNA were reviewed over the last few weeks in addition to longitudinal data which required significant time during the pre-award period. This data will again be reviewed during the post-award period to set priorities, provide dedicated focus on needs, and meet targeted goals. All of the staff was encouraged to submit surveys, emails, or dialogue with administrators. In addition, students, parents and community needs were considered in the CNA. The selected **Transformation Model** matches the needs identified in the CNA. Therefore, the campus scheduled this type of school improvement model. In accordance with the General Education Provision Act (GEPA), the program will provide equal access and treatment and a variety of activities that allow each applicant to participate without regard to gender, race, origin, color, or handicap. The district utilized the needs assessment that was conducted during the planning phase to identify barriers and develop solutions. **(Details of the needs assessment methodology are provided, and the magnitude or severity of the problem to be addressed by the proposed program is significant. (10 points))**

Assessment

The district had a variety of groups who were involved in the design of the intervention model. The groups had campus and district-level administrators, teachers, parents, paraprofessionals, Region ESC staff, external consultants, and trainers involved. The proposed project was developed from an extensive study of student, community, and campus needs. The campus has failed to have consistency in many areas due to teacher effectiveness because of staff turnover, student mobility and other major needs such as improved academic performance, better use of data to drive instruction, effective leadership and teachers, improved assessments and improved communication. **(The objectives, strategies, activities, and desired results of the program are clearly specified and are measurable. (4 points))**

Schedule #13—Needs Assessment (cont.)County-district number or vendor ID: **153-907**

Amendment # (for amendments only):

Part 2: Model Selection and Best-Fit. Indicate the single intervention model selected by the district/campus for implementation. Note that applicants are limited to select, design and implement a grant program in keeping with only one model and not a combination of models.

☐ Transformation

☐ with Rural LEA Flexibility modification

☒ Texas State-Design Model

☐ Early Learning Intervention Model

☐ Turnaround

☐ with Rural LEA Flexibility modification

☐ Whole-School Reform

☐ Restart

☐ Closure

Part 3: Please describe/demonstrate why the selected intervention model best meets the unique needs of the school. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

After reviewing all available information through our Needs Assessment and reviewing the comprehensive school reform models offered through the TTIPS, Cycle 5 grant, the district determined the model that best met the needs of our campus was the **ECHS Model** based on the the following needs:

- 1) **Improve Academic Achievement:** Due to our Accountability Rating of **Improvement Required**, the campus's major need is to improve our academic STAAR scores in all content areas, especially Reading/English Language Arts and Math.
- 2) **Improve Teacher Quality:** Funds are needed to provide our teachers with professional development and other needed resources in order to provide students with additional one-on-one assistance, allowing the campus to double block classes; thus, providing students more time on task, and providing extended learning time.
- 3) **Improve Parental Involvement:** Research has proven parents are a key part of students' support systems, and their involvement with their children's schooling helps children perform better in school. Teachers ranked strengthening parents' roles in their children's learning as the objective that should receive the highest priority in public education policy over the next few years.
- 4) **Improve School Climate:** The campus suffers both a high teacher turnover rate and a low daily attendance rate. Funds will be needed to assist the district in developing a plan to improve the campus school climate.
- 5) **Implement the ECHS Model:** By the TTIPS second year of full-implementation (Fall 2018), have curriculum in place that enables students to receive a high school diploma and complete the Texas Higher Education Coordinating Board's (THECB) core curriculum (as defined by TAC §4.28); or an associate's degree; or at least 60 credit hours toward a baccalaureate degree during grades 9-12. *(The program activities relate directly to the program goals, local objectives, and strategies, as well as to the program description and project requirements. (4 points))*

Schedule #13—Needs Assessment (cont.)County-district number or vendor ID: **153-907**

Amendment # (for amendments only):

Part 4: Model Selection-Stakeholder Input. Please describe how student families and community members were engaged in the needs assessment and planning process:

- Describe specific actions the campus/district took to solicit input from these stakeholders in selecting the model.
- Describe how this input was taken into consideration when selecting the model.
- Describe plans to meaningfully engage families and the community in the implementation of the selected model on an ongoing basis.

Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Wilson ISD is a one campus district, grades EE-12 and we utilized the TTIPS grant Decision-Making Process to determine What we would hope to accomplish by applying for the TTIPS grants? After a detailed review of the collected data and Comprehensive Needs Assessment, we determined to apply for the ECHS Model.

As the administration reviewed various successful models of communication, it was decided to employ web-based surveys for parents, teachers, and students. This has resulted in creating a parental involvement policy. Parents also participated in the committee meetings to determine if the campus should apply for the TTIPS grant. To resolve the perception that our campus is solely responsible for student academic achievement, parents and community voices will now be viewed as part of the solution and a critical component connected to identified areas of interest as determined by surveys and informal conversations. This will be an initial first step to gain parental support for other activities and policies as well as events and active parent/stakeholder participation in committee work for the betterment of Wilson ISD and our surrounding community areas. Mutually improved attitudes toward external involvement will become a habit, exhibited more than just when it is required, as involvement is solicited and encouraged by all.

Wilson ISD and parents will be involved in determining the types of programs needed to build the capacity of parents through personal growth, thereby supporting and encouraging their child's school performance. The shared responsibilities will be reflected in the active, revised WISD-Parent-Community Compact/written parental involvement policy. This parental involvement policy will be developed and finalized during our planning period. WISD will provide further capacity building with parents to support school performance by offering various professional development activities to meet their interests/needs as suggested by various constituents; better understanding of assessments within the accountability systems, adult literacy, adult budgeting and personal management, computer skills and instructional opportunities through technology are a few possibilities.

Meaningful and monitored participation follow-up events will demonstrate and recruit other adults in the school area. These planned activities include but not limited to: flexible meeting time, parent resource room on campus or at off-site location as space is available, parents-as-teachers training to begin the educational involvement from birth, parent visibility on campuses in a multitude of roles. Community members and parents will play an active role in preparing students to enter the feeder school system currently offered by Wilson ISD. During the implementation of various programs, parent leaders are identified in various areas of the learning environment and are encouraged to bring their ideas and suggestions to the committee, staff members and administration personnel for future discussions among the partnership-driven school climate and culture.

We have potential strategies to accomplish Critical Success Factor 5: Increase Parent/Community Involvement:

- Determine if a single or multiple communication strategy to contact parents/community leaders is best.
- Promote partnerships with community leaders, businesses, higher education entities, faith based groups, and other non-profits to increase opportunities for the students and to increase resources for campus programs.
- Study supporting research to mine other effective strategies.

Amendment # (for amendments only):

Part 1: Staff Role and Qualifications. List campus and district personnel projected to be involved in the implementation and delivery of the program. Include all positions funded in whole or part by grant resources, along with those personnel involved in the implementation, but not funded through the grant. Provide a brief description of the position role/function in the grant; and desired qualifications, type and years of experience, and requested certifications. Ensure that the list and descriptions demonstrate the district will provide effective oversight and support for implementation of the selected model. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

#	Title	Role/Function in Grant	Desired Qualifications, Experience, Certifications
1.	District Coordinator of School Improvement (DCSI) (required)	The responsibilities of DCSI will include: oversight of the reform process, ensuring responsiveness of district offices to the transformation efforts, providing a direct line of communication to the superintendent and other critical district level-leaders, assisting in eliminating any district-level barriers that may hinder the reform process, and serving as a resource and mentor to the administrator and campus. Additionally, the DCSI will be required to attend all meetings/professional development sessions throughout the duration of the reform process in order to convert our campus to a ECHS.	This position will require a Bachelors or Masters Degree in Educational fields, a minimum of 10 years' experience in education including teaching and administration, experience providing professional development, strategies for collaboration, and leadership development and experience working at the district level to ensure programs are implemented and campuses are following required state guidelines.
2.	Superintendent	He is responsible for providing district level support for the implementation and final accountability for program implementation. The superintendent is also responsible for the contract between the district and the service providers.	Texas certified Superintendent
3.	Campus Principal	The campus principal will be providing day to day campus level support and accountability for the grant project implementation, as well as provide oversight for all other campus staff and the DCSI.	Texas certified Principal
4.	Teacher Leaders	This position will bring a great deal of experience in technology programs to the district's grant program. The Teacher Leaders will facilitate activities, provide ongoing progress monitoring, continually analyze results and facilitate program corrections as needed.	This position will require a Bachelors Degree in Educational fields, a minimum of 10 years' experience in education including teaching and administration, experience providing professional development, strategies for collaboration, and leadership development and experience working at the district level to ensure programs are implemented and campuses are following required state guidelines.
5.	All evels of District and Campus Personnel	All levels of the district administration including the Superintendent, curriculum coordinator, technology coordinator, campus principals, teachers, project director, librarians, counselors, etc., will actively support all program activities and initiatives.	Experience will vary since this includes administration, support staff, tutors, aides, teachers, teacer leaders, etc.
6.			<i>(Qualifications, experience, and certifications of program personnel and external consultants are of sufficient quality and depth to ensure successful implementation. (5 points)</i>

Schedule #14—Management Plan (cont.)County-district number or vendor ID: **153-907**

Amendment # (for amendments only):

Part 2: External Provider Role and Qualifications. List all external provider contractors/consultants, selected by the district/campus, that are projected to be involved in the implementation and delivery of the program. Provide a brief description of the provider's unique function in the grant; and desired qualifications, experience, and requested certifications. Do not include contractors/consultants provided by the TTIPS SEA office (PSP, TCDSS or TEA staff). Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

#	Title	Role/Function in Grant	Desired Qualifications, Experience, Certifications
1.	Region Service Center 17	Provide professional development through out the 4 year grant period as needed including planning assistance, data analysis support, develop leadership capacity and to assist the district in sustained comprehensive school reform.	Qualifications, experience and certifications will be varied depending on services and professional development.
2.	ECHS Technical Assistance Provider (TAP)	Provide expertise in leadership coaching for principal, assist with creation, evaluation, and revision of grant required rubrics, evaluate and revise strategies as needed, assist in campus operation and system issues. Provide access to training, coaching and tech assistance in earning our ECHS designation.	Qualifications, experience and certifications will be varied depending on services and professional development. Experience working with campuses regarding comprehensive school reform models.
3.	PCP	Ensure grant committees are formed and all evaluation instruments are created. Provide teacher leaders to include classroom management, appropriate lesson planning, co-teaching, student assessments, inclusion of manipulatives, and other student centered activities. Provide coaching to ensure readiness for High School and Post-Secondary education/training. Provide access to training, coaching and tech assistance in earning our ECHS designation.	Qualifications, experience and certifications will be varied depending on services and professional development. Experience working with campuses regarding comprehensive school reform models.
4.	School Climate Provider	Provide expertise in leadership coaching for staff, assist with creation, evaluation, and revision of grant required rubrics, evaluate and revise strategies as needed, assist in campus operation and system issues. Services will include assistance in promoting a positive and sustained school climate that focuses on social, emotional, ethical and academic achievement for our students.	Qualifications, experience and certifications will be varied depending on services and professional development. Experience working with campuses regarding comprehensive school reform models.
5.	Texas Tech University (TTU)	WISD will partner with Texas Tech University (TTU) to establish an ECHS by the fall of 2017 which will serve grades 9-12, provide college credit courses and preparatory and college readiness courses and guidance. Our DCSI, PSP and community liason will interact with the college and the campus on a regular basis.	Qualifications, experience and certifications will be varied depending on services and professional development. Experience working with campuses regarding comprehensive school reform models.
6.			<i>(The level of involvement and commitment to the program of all participants, including management, staff, collaborators and partners, is sufficient to ensure the successful implementation of the program goals, objectives, and activities. (4 points)</i>

Amendment # (for amendments only):

Part 3: Commitment and Succession. Describe how the campus and district will ensure that all project participants remain committed to the project's success. Describe your succession management strategies and how this will enable the campus and district to deliver continuous high-quality programming when there are changes in key project personnel. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

As per **Federal Statutory Requirements**, the district staff feels confident that they have the **capacity and commitment** to provide adequate resources and related services to the campus to implement, fully and effectively, the required activities of the school intervention model, ECHS. The district has demonstrated a great need for the funds as well as a strong commitment from the school board, Superintendent, Campus Principal, Counselor, Teachers, Site-Based Decision-Making Committees (SBDM), Campus Administration, Parents, and Community Members to ensure that the funds are used to provide adequate resources to enable the campus to raise substantially the achievement of our students. *(The level of involvement and commitment to the project of all participants, including management, staff, collaborators, and partners, is sufficient to ensure the successful implementation of the project goals, objectives, and activities. (4 Points))*

Campus Support: WISD administration will require the campus staff to document that a minimum of 100% percent of the faculty support involvement and agree to implement the key practices of the ECHS Model. The campus will appoint a District Coordinator of School Improvement (DCSI) to manage all activities, participate in staff development on topics determined from the CNA improvement plan, enlist district and campus support for the initiative, and participate in all required training. All campus faculty and administrators will participate in all staff development held at the school.

Teachers and Principal Support: As part of the ECHS Model, the ECHS TAP will provide teacher leaders and administrators with quality materials, research, and coaching to effectively implement actions to address key practices. The ECHS TAP workshops will provide all school personnel with an opportunity to actively develop improvement plans, review current school data, and determine next steps. The campus will visit high-performing sites with similar demographics to determine strategies likely to impact student achievement. ECHS TAP school improvement consultants will provide continuous on-site, electronic and telephone support.

Superintendent and School Board Support: The campus has the support and approvals of the Superintendent and the School Board with the implementation of this grant and reform program.

WISD has the capacity to use grant funds to provide adequate resources and related services and support to the campus to implement, fully and effectively, the required activities of the ECHS intervention model. Factors associated with capacity are: WISD:

- Has staff qualified for a restructuring team;
- Is willing to take extreme action in failing schools;
- Is willing to bring in outsiders if needed for student learning;
- Is willing to require administrative staff to make changes to support restructured schools;
- Is willing to give capable leaders unprecedented freedom to change, even if this creates inconsistency and inconvenience;
- Will develop a professional development procedure/plan for new teachers/staff to educate them on the ECHS/TTIPS program and bring them up to speed in the TTIPS process.

Leadership is crucial for effective, lasting school improvement. Although research has established that strong, competent principals are vital for high-performing schools (Hallinger, 2003; Leithwood, 1994), attention is turning increasingly to the importance of effective district leadership and their contributions to school improvement including:

- Providing support for quality leadership;
- Developing and maintaining positive relationships;
- Providing policymaking and budgetary decisions that support improvement;
- Engaging in ongoing evaluation of the administration as well as self-evaluation;
- Engaging in training and professional development.

Effective district leadership can enhance the success of a school. The research highlights some important factors that district's should consider when making decisions about school improvement efforts. Effective leadership provides support for quality leadership, establish positive relationships with community and school stakeholders, set policies and budgets that support improvement, engage in ongoing evaluation, and participate in professional development.

WISD is committed to assist our school to fully implement the proposed ECHS school improvement activities and is dedicated to doing whatever it takes to make students successful!

By TEA staff person:

Schedule #14—Management Plan (cont.)

County-district number or vendor ID: **153-907**

Amendment # (for amendments only):

Part 4: Sustainability. What elements of your proposed project are designed to significantly increase capacity or create a lasting change to campus culture and practices that shall be sustained after the grant period ends? How will the LEA provide support to sustain the reform after the grant period ends?

Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

WISD TTIPS program will be sustained with funding from in-kind contributions, community contributions, Title I, Part A, Title II, IDEA, ERate, and local funding. We will also utilize funding from other state funded competitive and non-competitive programs. *(The proposed project will be coordinated with similar or related efforts utilizing existing resources and facilities and with other appropriate community, state, and federal resources to maximize the effectiveness of grant funds. (3 Points))*

WISD's goal in applying for grant funds is to **build capacity in school personnel** to continue successful school improvement strategies. The gradual release built into the four years of grant funding is predicated on initially building the knowledge and skills necessary, receiving coaching and participating in professional learning communities to learn to apply skills, taking ownership of the process, building purposeful **Continuous Improvement Plans** based on student data, and moving to independently sustaining the process as the support diminishes and the school moves towards advancing the process on our own.

Programs provided by **external providers** will be evaluated based on multi-level data, including C-BAM to measure changes in school, classroom, student and overall program, and input from external partners, school participants, and other leaders. The primary goal for the evaluation system will be to foster an environment of continuous improvement. The data collected through evaluation will be used by the school and other providers to review and revise - on an ongoing basis - the approaches used to improve student learning. The campus principal will ensure that assessment of each provider's services will be ongoing. Ongoing assessment, as well as ongoing communication will be documented and include the following: immediate evaluations of particular training sessions or on-site consulting visits, regular debriefings between school leaders, representatives and provider staff, time in regular staff meetings to discuss the staff's impressions of the provider's services, and structured reviews of progress.

WISD currently has staff members who provide **technical support and oversight** concerning the school's improvement process. The school's ECHS improvement model includes the requirement of data-driven decision making, selection and use of scientifically research-based programs, frequent monitoring of improvement strategies and actions, and a process of reflection and adjustment. WISD is committed to an appropriate level of support and oversight for our ECHS/TTIPS campus in order to sustain reform efforts.

Lead/Intervention teachers will be employed at our ECHS/TTIPS campus to implement selected reading and math intervention programs. Through improved instructional practices and a focus on utilizing individual student data to design instruction, teachers will attain the necessary tools to effectively differentiate instruction in core classrooms to meet the needs of students without additional intervention staff. Based on the evaluation and both formative and summative student data, the district will assess the need to continue intervention services.

As per Federal Statutory Requirements, the campus will help sustain this initiative after the end of the program by enforcing a sustainability plan. The sustainability plan will include a procedure to include an active and careful examination of the following approaches to seek effective avenues to ensure that the program continues beyond the grant period:

- Make better use of existing resources;
- Maximize federal, state, and local revenue;
- Create more flexibility in existing streams;
- Continue building public-private partnerships; and
- Generate newly dedicated revenue.

The campus will continue to utilize, as in-kind contribution, their current supplemental software, books, computers, rooms, and facilities to provide assistance to continue the concept of the Texas Title I Priority School Program beyond the funding cycle. Technology equipment purchased through federal and state funds will also be utilized to allow teachers and students to use the computer equipment during and beyond the regular instructional schedule. Professional development training will be offered and will be a tremendous resource that will aid in sustaining the plan during and beyond the grant cycle.

Schedule #15—Project Evaluation

County-district number or vendor ID: **153-907**

Amendment # (for amendments only):

Part 1: Establishing Performance Measures. Describe the processes used to establish challenging yet attainable performance measures that will result in substantially improved student achievement and the campus' ability to exit lowest-performing status. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

A critical step for campus transformation is articulation of the school performance goals. When we set improvement achievement goals for our school, we were careful to include all campus staff, input from students as to their perceived areas needed for improvement, the targets set by the Texas Education Agency and suggestions from outside consultants. Since we are graded at the state level by AEIS indicators and at the federal level by AYP indicators, these played a major role in determining several of the critical performance measure we will use. In addition to the state and federal targets, we also determined that we need to set target goals for our project to include such areas as:

- Number of grades recovered per semester by students who had failed a course and were at risk of non-promotion
- Reduction in achievement gap by students in the various subpopulations
- Retention of students in our school so that our mobility rate is seriously reduced
- Frequency of use of technology in instruction
- Lab time used by instructors in science
- Number of students passed to the next grade have met expectations on all state assessments for their current grade
- Number of students who graduate with a minimum 60 college credit hours

Essential to evaluating the progress of our ECHS transformation is to examine the value of data being collected to determine its relevance. Our evaluation team will regularly discuss this along with consideration if different or more relevant data should be included. In this way, we will reduce collection of irrelevant data and correct the evaluation process to include data that is measuring progress or lack thereof. *(The methods of evaluation provide for examining the effectiveness of program strategies. (2 points))*

Part 2: Data Collection. Describe the processes for collecting data at a detailed level to inform effectiveness of each intervention. Data at a detailed level would include examples such as: participation rates at the activity-level, dosage rates of an intervention per student, teacher practice observed rates at the targeted strategy-level, or academic outcome data at the activity-level per student. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Overview of the Data Collection Process The TTIPS Grant project Data Collection Process consists of five steps: 1) data collection; 2) data entry; 3) data storage; 4) data statistical analysis; and, 5) data reporting. *(The formative evaluation processes outlined in the application provide for the identification and correction of problems throughout the duration of the grant project. (2 points))*

Types of Data Collected. Data collection is based on the TTIPS Grant's stated Goals, Performance Indicators, Project Outcomes, and Measurable Indicators as delineated in the project design. Data collection is based on the measurable indicators in the design. Planned data collection includes:

- | | |
|--|---|
| <ul style="list-style-type: none"> • STAAR Test Scores; • School Grades; • School attendance; • Project activity attendance; • Number and severity of disciplinary actions; • Stakeholder and participant opinions about Project benefit and quality; • Number of participants served; and • Program activities. | <ul style="list-style-type: none"> • Teacher opinions about project effects on classroom performance, behavior, participation, grades, and homework completions. • Outcomes for community members (jobs found, work skills gained, other skills gained, etc.). • Other data as requested or needed by Leadership Team. |
|--|---|

Quantitative data collection includes; Mid-year and annual site visits and summary documents; analysis of student work and student achievement data; attendance rates and STAAR passing, State Assessment proficiency and exemption rates. In addition to these measures, the project will also be monitored for continuous improvement focuses on student achievement. All decisions for continuous improvement will be data driven and implemented to ensure student success. All data will be provided and collected by the TTIPS Leadership team. *(The methods of evaluation include the use of objective performance measures and indicators of program accomplishment that are clearly related to the intended results of the project and will produce quantitative and qualitative data to the extent possible. (3 Points))*

For TEA Use Only

Changes on this page have been confirmed with:

On this date:

Via telephone/fax/email (circle as appropriate)

By TEA staff person:

Schedule #15—Project Evaluation (cont.)County-district number or vendor ID: **153-907**

Amendment # (for amendments only):

Part 3: Assessing effectiveness of interventions. Describe the processes and staff responsible for assessing the effectiveness of program activities and interventions on an ongoing basis. How are problems with project delivery to be identified and corrected throughout the project?

Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point

The campus will solicit feedback and monitor progress on an on-going basis. The campus staff will use the information gathered to provide for continuous improvement of the project. The Leadership team, District Coordinator of School Improvement (DCSI), and campus staff will ensure feedback and continuous improvement through internal and external evaluations that assess the program's efficiency in meeting the stated goals and measurable objectives. Evaluations will be used to monitor and adjust the program, as the stakeholders deem appropriate. The absolute priority is for the campus to meet and exceed the state and local academic standards. *(The procedures ensure feedback and continuous improvement in the operation of the proposed project through ongoing monitoring and adjustments as needed. (3 Points)*

The district and campus will track the progress towards meeting the Critical Success Factors and milestones through Quarterly Implementation Reports. Tracking these Critical Success Factors are important because they reflect the necessary behavior changes that must be demonstrated by students at the campus and by adults working on their behalf. The utilization of the Quarterly Implementation Reports demonstrates the campus' commitment to ensuring it meets AYP and exits improvement status. Quarterly Implementation Reports, End-of-Year Reports, and Final Evaluation will address the following;

- The extent to which the activities of the project were implemented as planned;
- The effectiveness of the activities in achieving the goals and objectives of the project;
- The impact of the project activities on the participants; and
- The extent to which the performance targets were met.

(The evaluation design includes processes for collecting data, including program-level data (such as program activities and the number of participants served) and student-level academic data (such as achievement results and attendance data). (3 points)

The targeted campus staff will comply with the evaluation requirements that are established by the Texas Education Agency (TEA). The campus will evaluate the degree of planning, implementation of the project, degree of collaboration, level of staff development training, and level of curriculum and instruction that was utilized. All evaluation reports will be in the format as requested by TEA. The campus agrees to collect and provide the following mandatory performance measures:

- Reform/Improvement Activities;
- Annual Performance Goals; and
- Quarterly Implementation Reports.

Information collected will be used to measure progress and serve as a basis for program modifications or benchmarks of progress. Scores accumulated from progress reports and report cards will be used to gauge participants' academic improvement throughout the grant period. Monitoring will occur through demographic and testimonial information gathered from program participants, parents, staff, collaborating agencies, and the community.

Program staff will monitor the academic progress reports, attendance, discipline referrals, and program absence reports. Analysis of the data will be performed on a frequent and continuous basis to yield feedback to the Principal, Leadership team, District Coordinator of School Improvement (DCSI), and staff on a timely basis. The information will serve as a resource in the decision-making for continuous improvement on the program. The methods of evaluation referenced above will provide the ability for team members to examine the effectiveness of the project strategies. *(The methods of evaluation provide for examining the effectiveness of project strategies. (2 Points)*

By TEA staff person:

Schedule #16—Responses to Statutory RequirementsCounty-district number or vendor ID: **153-907**

Amendment # (for amendments only):

Statutory Requirement 1: Describe your rigorous review process used to select highest-quality and best-fit external providers for your project. Include processes to:

- Identify a reasonably sized pool of prospective external providers
- Assess level of experience in delivering the work
- Determine a history of prior success; consistent strong results in similar projects
- Conduct a risk-assessment related to contracting
- Execute final selection and procurement

Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

External consultants are of sufficient quality to ensure successful implementation. As per Federal Statutory Requirements, the campus will recruit, screen, and select external providers based on our CNA findings, past effectiveness of training provider, and cost effectiveness. External providers not currently selected but who have demonstrated effectiveness with the current identified campus needs and has proven themselves with other campuses similar with demographics, size and type of campus as the targeted campus will be given priority.

As per the grant's model options, the campus has opted to use the **ECHS Model** with **the Texas ECHS Technical Assistance Provider (TAP)** services as an external provider. The purpose of the ECHS TAP is to work in conjunction with the Texas Education Agency to improve student performance. ECHS TAP provides schools with information, clarification, resources, and technical assistance, and training regarding the ECHS school improvement process.

The goals of the service provider include developing increased leadership capacity in administrators and building knowledge of content and instructional strategies in teachers. The aim is to raise learning expectations for teachers, students, and administrators and to create a learning culture that facilitates improved student performance through the use of ECHS reform model.

The **ECHS TAP** offers the following services:

- Provides information and clarification regarding ECHS school improvement requirements;
- Conducts needs assessments through on-site visits;
- Assists school personnel in developing and implementing an effective Campus Improvement Plan;
- Assists school administration in selecting a Campus Administrator Mentor (CAM) or Technical Assistance Provider (TAP) who will insure the Campus Improvement Plan is being followed, monitored and modified;
- Serves as a resource for schools and for CAMs and TAPs as schools implement their Campus Improvement Plans
- Manages the CAM and TAP application process and provides training for approved applicants;
- Offers conferences with "ECHS Best Practices" that will accelerate the improvement process on a campus;
- Provides networking opportunities for School Improvement Campuses with Distinguished Schools at Best Practice conferences; and
- Creates publications to assist improvement.

Region XX. Provide teacher coaches to include classroom management, appropriate lesson planning, co-teaching, student assessments, inclusion of manipulatives, and other student centered activities. Provide coaching to ensure readiness for high school and post-secondary education/training.

During our planning period if any of our external provicers cannot fulfill the terms of the proposed contracts, WISD will contract with another service provider capable of performing the contract terms. This will be completed through a vendor selection process that the district currently has in place.

By TEA staff person:

Schedule #16—Responses to Statutory Requirements (cont.)County-district number or vendor ID: **153-907**

Amendment # (for amendments only):

Statutory Requirement 2: External Provider Oversight. Describe your rigorous and ongoing process to provide oversight to external providers to ensure their continued quality and success in meeting project deliverables. Include in the description:

- Proposed schedule to regularly review external provider performance
- Campus/district personnel responsible for oversight and management of providers
- Process/instruments used to measure and monitor success of providers
- Corrective actions or additional supports utilized to improve provider performance
- Criteria/sequence of actions to be taken to remove/replace a low performing provider

Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Our DSCI and Leadership team will develop and provide the oversight for the external service providers and District administration will handle all contract related issues. Reports will be issued to key personnel, dates and calendars will be published and distributed after the "planning" phase as the details of the grant are confirmed.

WISD's goal in applying for grant funds is to **build capacity in school personnel** to continue successful school improvement strategies. The gradual release built into the four years of grant funding is predicated on initially building the knowledge and skills necessary, receiving coaching and participating in professional learning communities to learn to apply skills, taking ownership of the process, building purposeful **Continuous Improvement Plans** based on student data, and moving to independently sustaining the process as the support diminishes and the school moves towards advancing the process on our own. Programs provided by **external providers** will be evaluated based on multi-level data, including C-BAM to measure changes in school, classroom, student and overall program, and input from external partners, school participants, and other leaders. The primary goal for the evaluation system will be to foster an environment of continuous improvement. The data collected through evaluation will be used by the school and provider to review and revise - on an ongoing basis - the approaches used to improve student learning. The campus principal will ensure that assessment of each provider's services will be ongoing. Ongoing assessment, as well as ongoing communication will be documented and include the following: immediate evaluations of particular training sessions or on-site consulting visits, regular debriefings between school leaders, representatives and provider staff; time in regular staff meetings to discuss the staff's impressions of the provider's services, and structured reviews of progress.

Wilson ISD will use the ECHS Transformation Model supported by the ECHS Technical Assistance Provider and supplement with outside resources needed to meet the individual needs of our campus. The grant leadership team has many years of experience in screening providers of services and will establish criteria required for needed external providers. Through grant funding the district will be providing on-site technical assistance via a Professional Service Provider (PSP). In addition, WISD will use assistance from the ECHS TAP staff to help recruit, screen and select external providers. This process helps to insure that we have providers that will be in concert with the ECHS Transformation Model and the support provided by TAP. The primary goal will be to secure primarily providers who have served as TAPS, CAMS, and/or state CIT members or who have successful histories of providing such services with independent school districts. An additional strength of an external provider will be their capacity and authorization by the State Board of Education to provide CPE units. This would include options offered by the Region Service Centers or providers who have contracted with a Region Service Center. Another resource group will be content specific specialists that are recognized by the state as qualified to provide staff development in content specifics, such as the Math Instructional Coaches from the TEA list, consultants with a proven track record of success working within similar campuses, and the inclusion of partnership involvement support to bring the training from the world of work and real world situations into our ECHS program. In cases where these do not exist, WISD will request references from the provider applicants in order to check with other schools to determine the effectiveness of the potential provider.

With the assistance of the ECHS TAP, WISD will participate in the development of RFQs for the creation of assessment rubrics or valid and reliable templates of suitable instruments that state the objective of the service to be provided, state measureable objectives that can be used to determine the effectiveness of the service provided, and help determine the value added in relation to the cost. Bias and subjectivity will be limited through this process. Involvement of stakeholders will be available. Conflict of interest statements will be secured. The intent is to eliminate and guide the decision-making to use providers, services or programs that are able to maximize impact on our ECHS transformation model and ultimately, for student achievement. Low performing providers will be replaced in a timely fashion on an as-needed basis.

Schedule #16—Responses to Statutory Requirements (cont.)County-district number or vendor ID: **153-907**

Amendment # (for amendments only):

Statutory Requirement 3: Pre-Implementation Year. List and describe primary activities planned for the Planning/Pre-Implementation period in the grant to occur from February 1, 2017-July 31, 2017. These activities shall be designed to prepare the district and campus for stronger full Implementation than would be possible without Pre-Implementation. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

1.	Wilson ISD will implement a school improvement reform program that is unique to the school and responds to the needs of our campus, the ECHS reform model.
2.	The district will designate an individual or office with primary responsibilities for supporting the district/campus' school improvement efforts. This individual/office will have primary responsibility and authority for ensuring the effective implementation of the grant approved by TEA; serve as the district liaison to TEA, Texas Tech University and those providing technical assistance and/or contracted service to the campus as part of the approved grant. The district will notify TEA immediately of any changes to this contact.
3.	A team from the district/campus will attend and participate in grant orientation meetings, technical assistance meetings, other periodic meetings of grantees, the Advancing Improvements in Education Conference, ECHS workshops and training and sharing of best practices through the TEA program office.
4.	The campus will fully engage in all required elements of Texas Accountability Interventions System (TAIS) framework, at the level described for priority schools; regardless of model selected for implementation. Through this engagement, schools are required to submit an annual improvement plan and quarterly progress reports documenting school's continuous processes around data analysis, needs assessment, implementation and monitoring; as delineated in the TAIS framework.
5.	The campus will engage in necessary efforts to align and complement existing school improvement strategies, goals and interventions in our final approved TTIPS grant, in order to effectively deliver a single and comprehensive school improvement plan.
6.	At the close of the pre-implementation period, the district/campus will prepare and submit an Implementation Readiness Portfolio to the TEA program office. The district/campus will engage with the TEA program office to provide clarifications and adjustments to the portfolio based on the review and assessment recommendations. This portfolio will include:
7.	<ul style="list-style-type: none"> • A vision statement for transformational change on campus • Core values aligned to vision statement • Annual Performance Goals • Evaluation of staff effectiveness and projected staffing needs • Finalized multi-year implementation plan • Evidence of effective professional development in asset-based thinking • Demonstration of family and community input for final intervention design and plan for meaningful and
8.	The district/campus will participate in and make use of technical assistance and coaching support provided by TEA and/or its subcontractors.
9.	The district will provide access for onsite visits to the district and campus by TEA and its contractors.
10.	At periods during implementation, the district/campus will participate in a formative assessment of the district's capacity and commitment to carry out the selected school improvement intervention model.
11.	WISD will apply for Texas ECHS designation, no later than the 2018-2019 school year.
12.	WISD will have in place by the fall of 2017 key partnerships in place that will enable success as an ECHS, these partnerships include: our partnership with Texas Tech University and confirmed with a signed MOU and a partnership with a Texas ECHS that has retained designation for four years and assessed as exemplary using the Texas ECHS Blueprint.
13.	<i>(The design of the proposed program reflects up-to-date knowledge from scientifically based research and effective practice. (4 points))</i>
14.

Schedule #16—Responses to Statutory Requirements (cont.)County-district number or vendor ID: **153-907**

Amendment # (for amendments only):

Statutory Requirement 4: Coordinated and Integrated Efforts. Describe any ongoing, existing efforts that are similar or related to the planned project. How will you coordinate efforts to maximize effectiveness of grant funds?
Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

WISD does **not currently** have any ongoing, existing efforts that are similar or related to our planned TTIPS project.

To ensure that the program **continues after the grant period**, the campus will actively look for funding sources that help support and sustain this program over an extended period of time. The campus' plan for sustainability will include an examination of what this grant initiative aims to sustain, barriers that prevent the initiative from accomplishing its goals, fiscal constraints, and its resources.

As per Federal Statutory Requirements, the campus will help sustain this initiative after the end of the program by enforcing a sustainability plan. The sustainability plan will include a procedure to include an active and careful examination of the following approaches to seek effective avenues to ensure that the program continues beyond the grant period:

- Make better use of existing resources;
- Maximize federal, state, and local revenue;
- Create more flexibility in existing streams;
- Continue building public-private partnerships; and
- Generate newly dedicated revenue.

Wilson ISD currently has available rooms and space to comfortably add additional personnel and classes. The district has 1-1 computers for all HS/JH students and a wide band-width for supporting on line needs. Wilson is a Title1 school and receives adequate Federal funding. Due to wind and solar fields being developed this year, Wilson ISD will be proposing a bond issuance for a new, state of the art building to enhance the grant and future needs of the district.

WISD will provide and encourage educational opportunities for our faculty with the intention of retaining staff. Our current teacher retention rate is 75%. We anticipate this increasing. We will maintain high academic standards which should entice top students in the region who seek dual-credit opportunities. Currently our student numbers are indicating steady student growth that will translate to more state funding. In addition, we are looking at proposing a bond to construct a new campus which will accommodate this anticipated growth. This growth should help sustain the early college high school program.

WISD will work with the Texas Workforce Commission to identify career pathways and clusters to focus our ECHS courses on the growing fields of solar and wind energy which continue to grow in the Wislon area.

Statutory Requirement 7: Evaluation Systems for Teachers and Principals, accounting for student growth

Applicants proposing a **TRANSFORMATION, TEXAS STATE-DESIGN, or EARLY LEARNING** model must use a rigorous, transparent, and equitable evaluation system that takes into account student growth as a significant factor. Please review the description of requirements of the evaluation systems under these models in Schedule #2 Provisions and Assurances.

These applicants shall respond to the prompts in the table below.

Applicants not proposing a Transformation, Texas State-Design or Early Learning model shall indicate below with "N/A". Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Describe the data sources for student growth accounted for in the teacher and principal evaluation system. Include how student growth is weighted in evaluation:

Data sources that were used by the district include state assessment data both school wide and district wide, mostly STAAR scores, 6 weeks tests scores, semester test scores.

Students' growth – the change in achievement for an individual student between two or more points in time. For grades in which the State administers summative assessments in reading/ language arts and mathematics, student growth data must be based on a student's score on the State's assessment under section 1111(b)(3) of the ESEA.

Describe how the evaluation system design includes multiple observation-based assessments and ongoing collections of professional practice:

The teacher leaders will conduct weekly observation-based assessments and walkthroughs, which will also be used to guide professional development on an on-going basis. This information will be used determined by observations using a rubric and responsibility instrument in determining teacher performance.

Describe how the evaluation system was developed with teacher and principal involvement:

During our TTIPS, Cycle 2 grant, administrators, teachers, principals, DSCI, PSP were all involved in developing an evaluation system. This system will be observed, improved and updated during our purposed Cycle 5 grant.

Amendment # (for amendments only):

Statutory Requirement 8: Educator Reward and Removal

Applicants proposing a **TRANSFORMATION, TEXAS STATE-DESIGN, or EARLY LEARNING** model must have protocols to identify and reward school leaders, teachers, and other staff who have increased student achievement; and identify/remove those who have not improved their professional practice. Please review the description of requirements for educator reward and removal under these models in Schedule #2 Provisions and Assurances.

These applicants shall respond to the prompts in the table below.

Applicants not proposing a Transformation, Texas State-Design or Early Learning model shall indicate below with "N/A". Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Describe the rewards available for educators who have increased student achievement in implementing the model:

Awards will be available to staff that met the requirements in Wilson ISD's Teacher Incentive Plan. The model will be based on several factors including School-wide student achievement, classroom achievement, teacher observations and walk throughs, teachers' skills knowledge and responsibilities.

Describe protocols/interventions to support teachers who are struggling to improve professional practice:

Weekly observations will be conducted by our teacher leaders, DSCI, principal, and PSP, weekly review of lesson plans and tests scores will be reviewed in leadership meetings and a plan will developed to assist struggling and new teachers through mentoring and additional professional development, with follow-up sessions and classroom observations in on-going walkthroughs.

Describe the criteria established for educator removal:

Educator removal will be done on a case to case basis, each teacher will be required to sign a Teacher Incentive Plan Fact sheet/contract at the beginning of the year or grant period.

Schedule #16—Responses to Statutory Requirements (cont.)County-district number or vendor ID: **153-907**

Amendment # (for amendments only):

Statutory Requirement 9: Non-Academic/Social-Emotional Supports for Students

Applicants proposing a **TEXAS STATE-DESIGN, TURNAROUND, or WHOLE SCHOOL REFORM** model must include comprehensive provisions for appropriate non-academic supports, including social-emotional and community oriented services.

These applicants shall list and describe the non-academic, social-emotional, and community-oriented services that will be provided to students in the space below.

Applicants not proposing a Texas State-Design, Turnaround, or Whole School Reform Model shall indicate below with "N/A". Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Wilson ISD's ECHS will be designed to ensure that all students, regardless of their circumstances, not only are prepared to succeed in college but also are provided the opportunity to prove that they can succeed at the postsecondary level, while still in high school. WISD's ECHS program will blend academic rigor with a strong system of non-academic supports, social-emotional, and community-oriented services.

Non-Academic Supports:

The district will provide non-academic support to our students that will include social skills, study habits, and time management strategies. The district will hire a counselor and a community liaison to provide students with non-academic, social-emotional, and community-oriented services that will be provided to students to assist students in succeeding in our ECHS. Counselor will assist students with their Individual Graduation Plans, college applications, and college funding strategies. Non-Academic Supports include:

- One-on-one counselor-student conferences to develop and update IGP's and career pathways.
- Mentor services will be provided to any WISD high school student in need of assistance.
- College Campus Visits – students are provided transportation to tour 2 Texas college campuses per year.
- College Representatives - provide various degree plan information and information on dual credit classes that are available to students.

Social-emotional Supports:

The Leadership team, DSCI, PSP, Counselor and community liaison will focus students on college-going culture activities and strategies. The district's ECHS will be designed to ensure that all students, regardless of their circumstances, not only are prepared to succeed in college but also are provided the opportunity to prove that they can succeed at the postsecondary level, while still in high school. WISD's ECHS program will blend academic rigor with a strong system of academic supports. Staff will also encourage students to believe in High Expectations for ALL Students type culture! The district believes that high expectations lead to higher achievement. It is no longer acceptable to focus high expectations only on the college-bound students. High expectations must become the norm within high school. Twenty years ago, the report "A Nation at Risk" called for more academic course taking among high school students. A rigorous curriculum built on high standards is the key to increasing expectations for all students. Students of all abilities learn more in academically rigorous courses. There are several documented benefits for students who take challenging academic classes in high school, especially for those students considered "at risk" of failing.

- Those that enter high school with test scores in the lowest quartile learn more in academically rigorous courses than they do in either the low-level vocational or general courses in which they are traditionally enrolled.
- Students are more likely to pass high-level courses than low-level courses. Thus, the research suggests that increasing access by all students to advanced academic coursework will improve student academic achievement.
- Students expected to master more demanding curricula are more likely to persist in school, achieve at higher levels, and be better prepared for the work force after their formal education ends.

Community-oriented services:

The Counselor and community liaison will work with students to provide community services where needed. The district will assist students with the tools they need by empowering students to stay in school, academically succeed and better their lives through education. Our staff will work to identify students who are at risk of dropping out, assess their individual needs and then provide a solution through community services, social services, health care, financial services, mentors and volunteers.

Amendment # (for amendments only):

Statutory Requirement 10: Developing an Early College school-wide strategy

Applicants proposing a **TEXAS STATE-DESIGN** model must deliver a comprehensive school improvement strategy, implemented for all students in the school, which is consistent with the Texas concept for developing an **Early College High School (ECHS)**. Please review the description of the Texas State-Design model in Schedule #2 Provisions and Assurances.

These applicants shall respond to the prompts in the table below. Applicants not proposing a Texas State-Design model shall indicate below with "N/A".

Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Identify the IHE partner that will be in place for the early college high school development and implementation. Include the title/role of the IHE primary point of contact, and essential agreements reached at this point:

Texas Tech University will be the district's IHE partner for our ECHS grant. The primary point of contact for purposes of the grant will be determined during the planning phase of our program. By the start of TTIPS full-implementation (Fall 2017), the district will have a partnership between the school district and an institute of higher education (IHE), **Texas Tech University**, that is:

- marked by a signed Memoranda of Understanding with current signature each year of implementation.
- addresses topics including, but not limited to: the ECHS location, the allocation of costs for tuition, fees, textbooks, and student transportation;
- will include joint decision-making procedures that allow for the planning and implementation of a coherent program across institutions;
- includes provisions and processes for collecting, sharing, and reviewing program and student data to assess the progress of the ECHS.

The district's primary point of contact with Texas Tech is Genevieve Durham, Vice Provost for Academic Affairs, (806) 742-2184.

Describe the sustainable source of funds or fee waiver plan that will enable students to access college courses, TSI assessments, textbooks and college fees; without cost to the student:

Final details of our MOU with Texas Tech University will be determined during the planning phase of our program. The MOU will include the fee waiver plan that will enable students to access college courses, TSI assessments, textbooks and college fees; without cost to the student.

Statutory Requirement 11: Developing an Early College school-wide strategy (continued)

Applicants proposing a **TEXAS STATE-DESIGN** model must deliver a comprehensive school improvement strategy, implemented for all students in the school, which is consistent with the Texas concept for developing an **Early College High School (ECHS)**. Please review the description of the Texas State-Design model in Schedule #2 Provisions and Assurances.

These applicants shall respond to the prompts in the table below. Applicants not proposing a Texas State-Design model shall indicate below with "N/A".

Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Describe the processes the LEA/campus will take to build the number of college courses available to students to gain during high school to a minimum of six (6) by the start of the 2017-2018 school year to sixty (60) by the start of 2018-2019 school year:

The district will provide a curriculum that offers a rigorous and accelerated course of study, in both college-credit bearing courses and preparatory/college readiness courses. Additionally, the program will provide students with the academic, emotional and social supports necessary to be successful in the rigorous course of study. The curriculum and supports must meet the following:

Beginning in TTIPS first year of full-implementation (Fall 2017), we will have curriculum in place that allows all students to graduate high school with at least six semester credit hours toward a baccalaureate degree.

By TTIPS second year of full-implementation (Fall 2018), we will have curriculum in place that enables students to receive a high school diploma and complete the Texas Higher Education Coordinating Board's (THECB) core curriculum (as defined by TAC §4.28); or an associate's degree; or at least 60 credit hours toward a baccalaureate degree during grades 9-12.

The district will also possess a written course of study plan showing how students will progress as an ECHS graduate. The plan will provide pathways to a baccalaureate degree and follow the courses and fields of study listed in the THECB Lower Division Academic Course Guide Manual.

Wilson ISD is a very small, rural school district with a total number of students in grades EE-12 of 116 and total teaching staff of 14. The district was awarded a TTIPS, C2 grant and used that funding to improve our academic scores and Met Standard on our 2015 Accountability Rating. The district feels that the next logical step for our small school will be to implement an ECHS, especially with new industry in the wind and solar industries moving into our area. Working with Texas Tech University and the Texas Workforce Commission we can streamline some of our courses around the wind and solar industry pathways or industry clusters. Due to our size, lack of available staff with time to invest in developing a detailed college course catalog, the district will need the funding available through the TTIPS, Cycle 5 grant to have the planning time and staff in order to develop a more detailed ECHS list of courses. The district is dedicated to the success of our students and community and if funded will work with our partners and the Texas ECHS Blueprint to develop the best small-school ECHS in Texas!

County-district number or vendor ID: 153-907

Amendment # (for amendments only):

TEA Program Requirement 1: Interventions and Resources to meet Model Requirements- IMPROVE THE INSTRUCTIONAL PROGRAM

Critical Success Factors are the key research-based focus areas, aligned with the statutory requirements of this program, under which school improvement initiatives shall be planned. Research provides evidence that effort and investment in these focus areas is most impactful to achieve continuous school improvement. Academic Performance is the foundational Critical Success Factor. Through gains in Critical Success Factors of teacher quality, effective leadership, data-driven instructional decisions, productive community and parent involvement, efficient use of learning time, and maintaining a positive school climate, campuses can increase academic performance for all students.

- List the key interventions the campus will implement to *improve the instructional program* in order to achieve increased academic performance.
- Provide a description of grant costs named in the Budget Schedules, indicating how costs will support the intervention to *improve the instructional program*.

Use Arial font, no smaller than 10 point.

Critical Success Factor: *Improve the Instructional Program*

	Planned Intervention	Description of Grant Costs to Support Intervention (Budget Narrative)
1.	Improve Student Achievement in Reading/ELA; implement a data-driven reading program.	Schedule #7 Payroll Costs – Teacher Facilitator for Curriculum, Substitute Pay, Extra duty pay for staff to receive training Schedule #8 Pro and Contract Services – Professional development providers that will provide PD to staff to improve student achievement Schedule #9 Supplies and Materials – Technology devices to support grant activities to improve student achievement, Curricular Materials – books, ibooks Schedule #10 Other Operating Costs – Field trips, travel for staff
2.	Improve Student Achievement in Mathematics; implement a data-driven math program.	Schedule #7 Payroll Costs – Teacher Facilitator for Curriculum, Substitute Pay, Extra duty pay for staff to receive training Schedule #8 Pro and Contract Services – Professional development providers that will provide PD to staff to improve student achievement Schedule #9 Supplies and Materials – Technology devices to support grant activities to improve student achievement, Curricular Materials – books, ibooks Schedule #10 Other Operating Costs – Field trips, travel for staff
3.	Improve Student Achievement in Science; implement a data-driven science program.	Schedule #7 Payroll Costs – Teacher Facilitator for Curriculum, Substitute Pay, Extra duty pay for staff to receive training Schedule #8 Pro and Contract Services – Professional development providers that will provide PD to staff to improve student achievement Schedule #9 Supplies and Materials – Technology devices to support grant activities to improve student achievement, Curricular Materials – books, ibooks Schedule #10 Other Operating Costs – Field trips, travel for staff
